Foundation

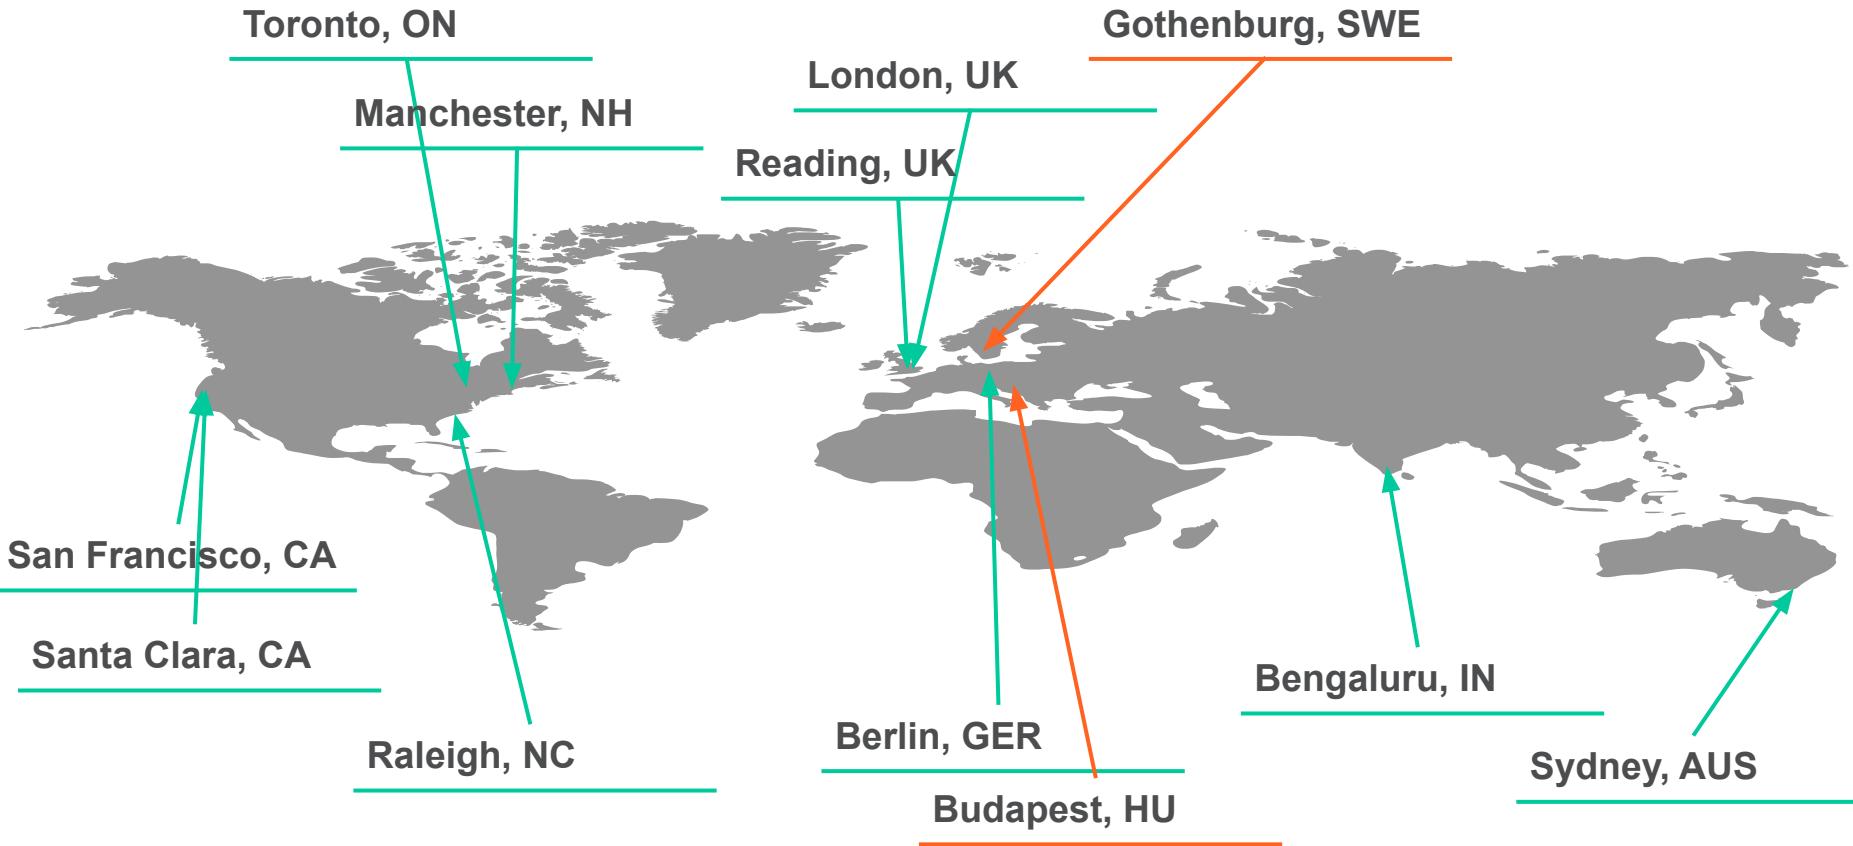

Platform Team, Engineering Enablement...

"We **enable teams to **accelerate** without thinking too much about the infrastructure, allowing a **rapid path** from ideation to prototype to providing **business value**."**

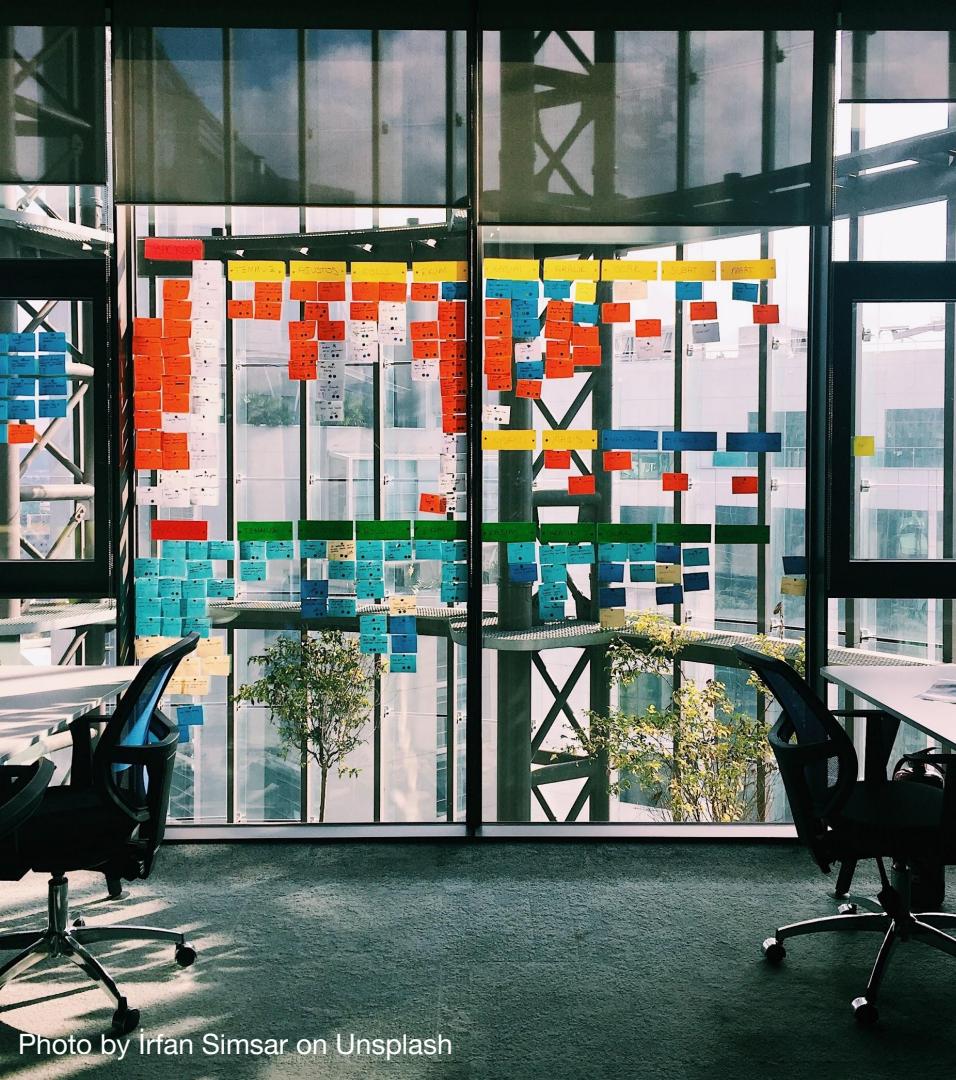

Meltwater

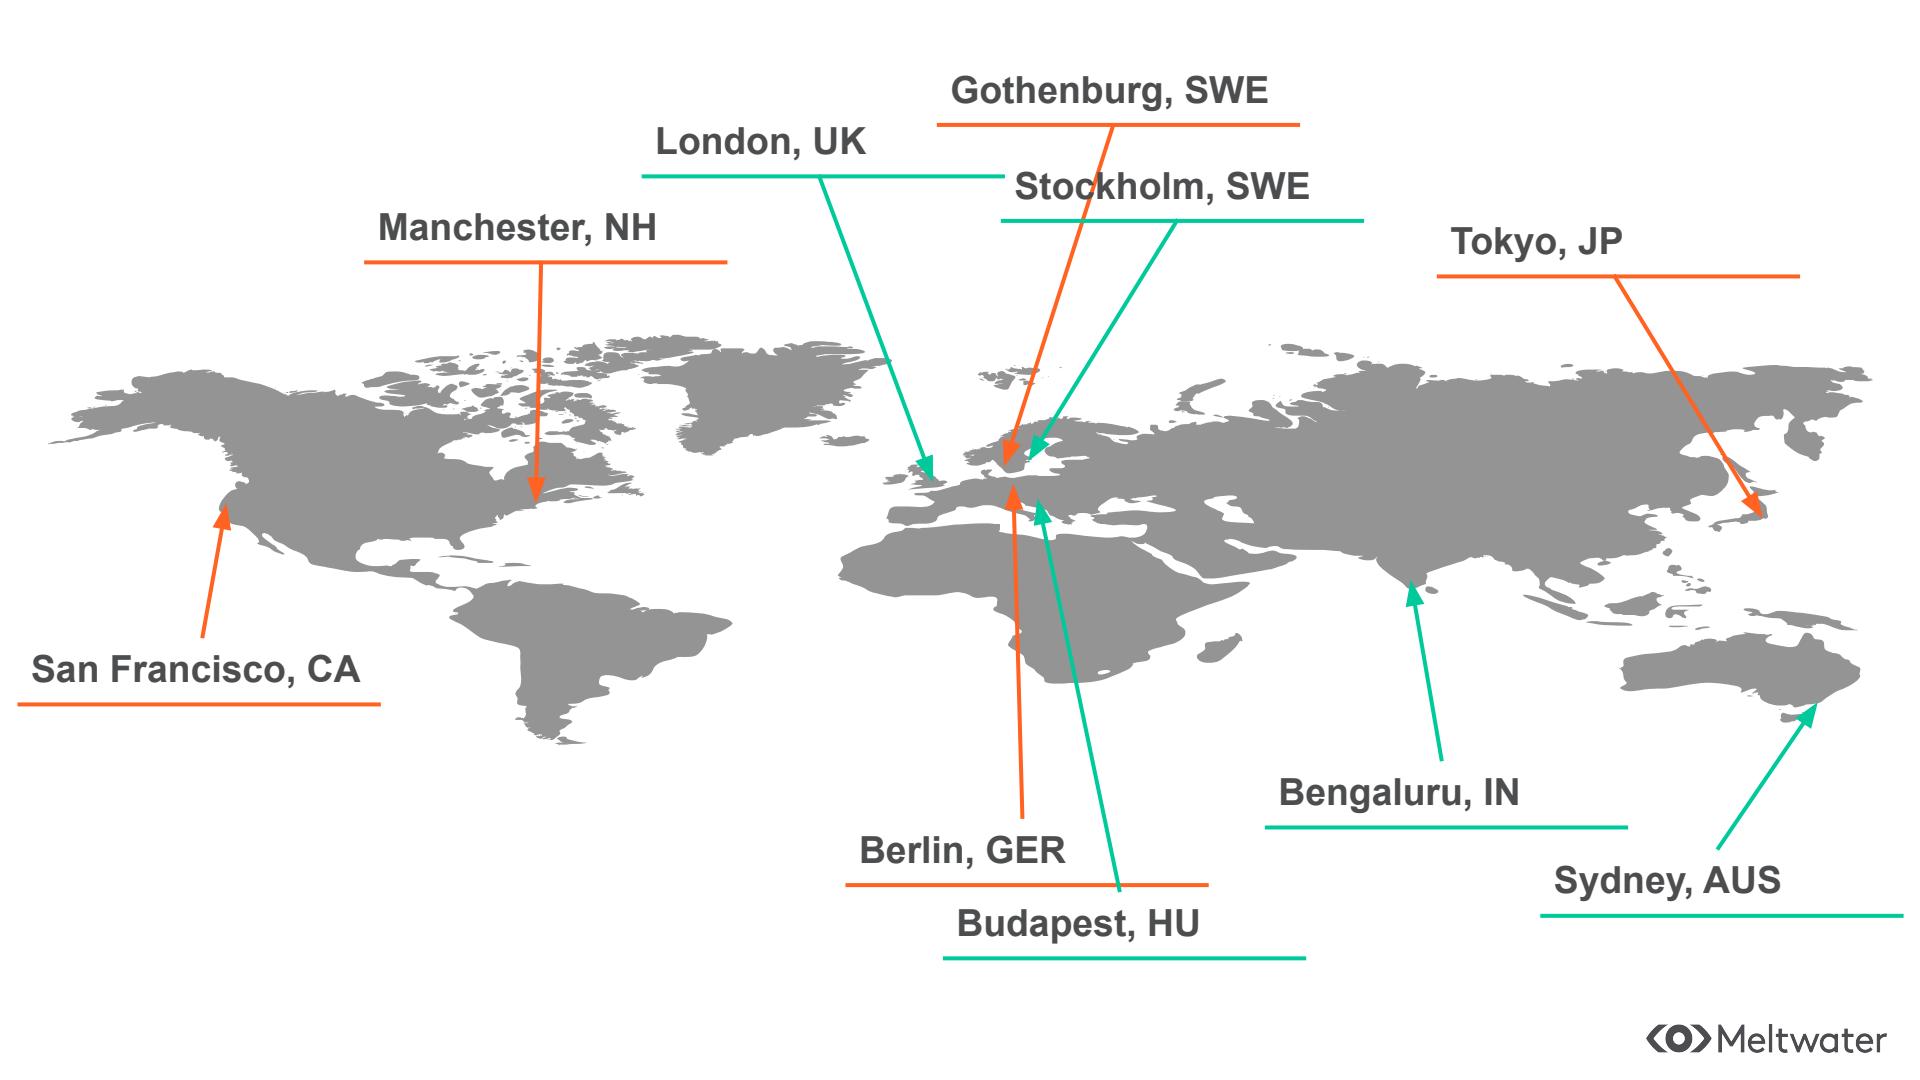

- **Where we came from**
- **Why we wanted change**
- **How we achieved change**

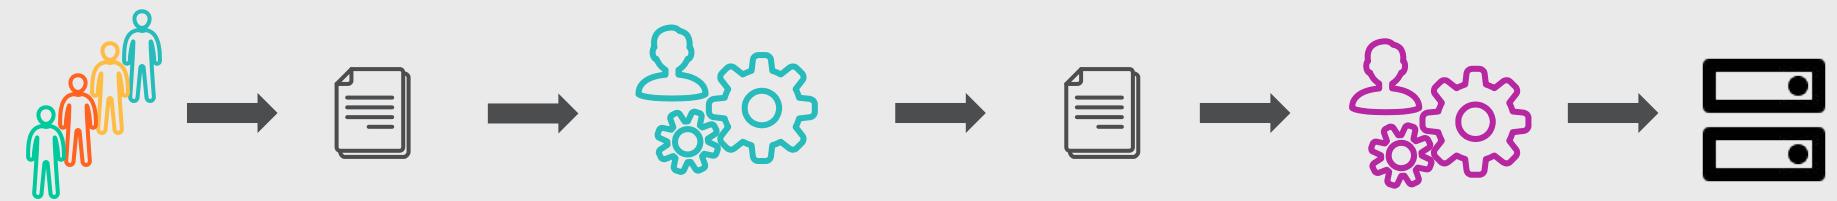

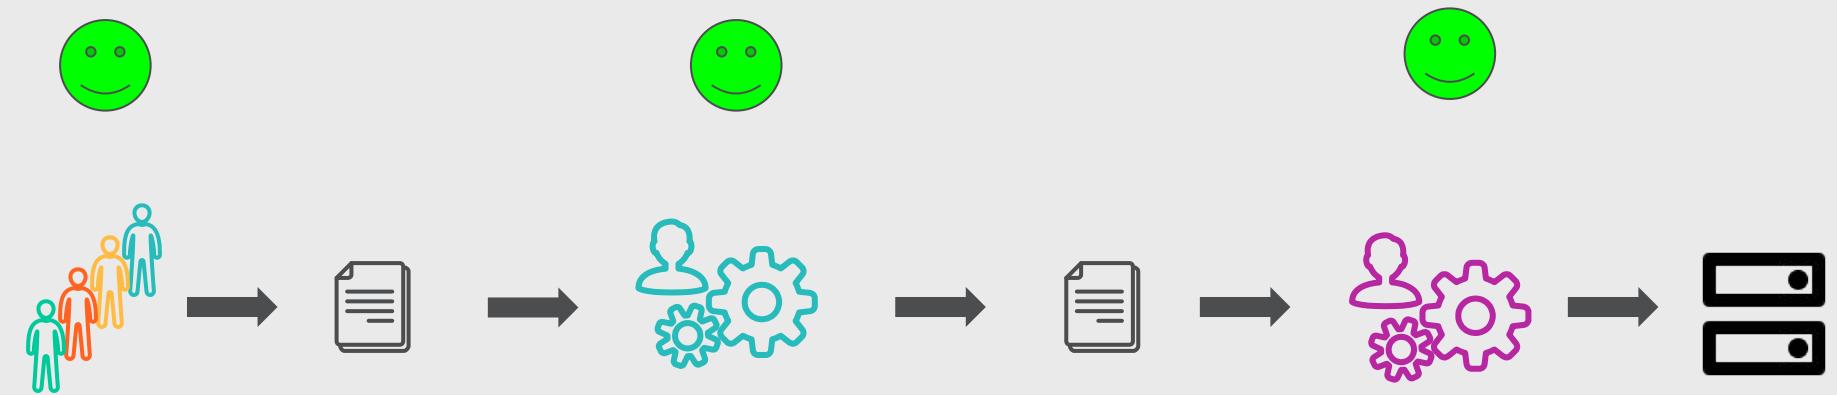

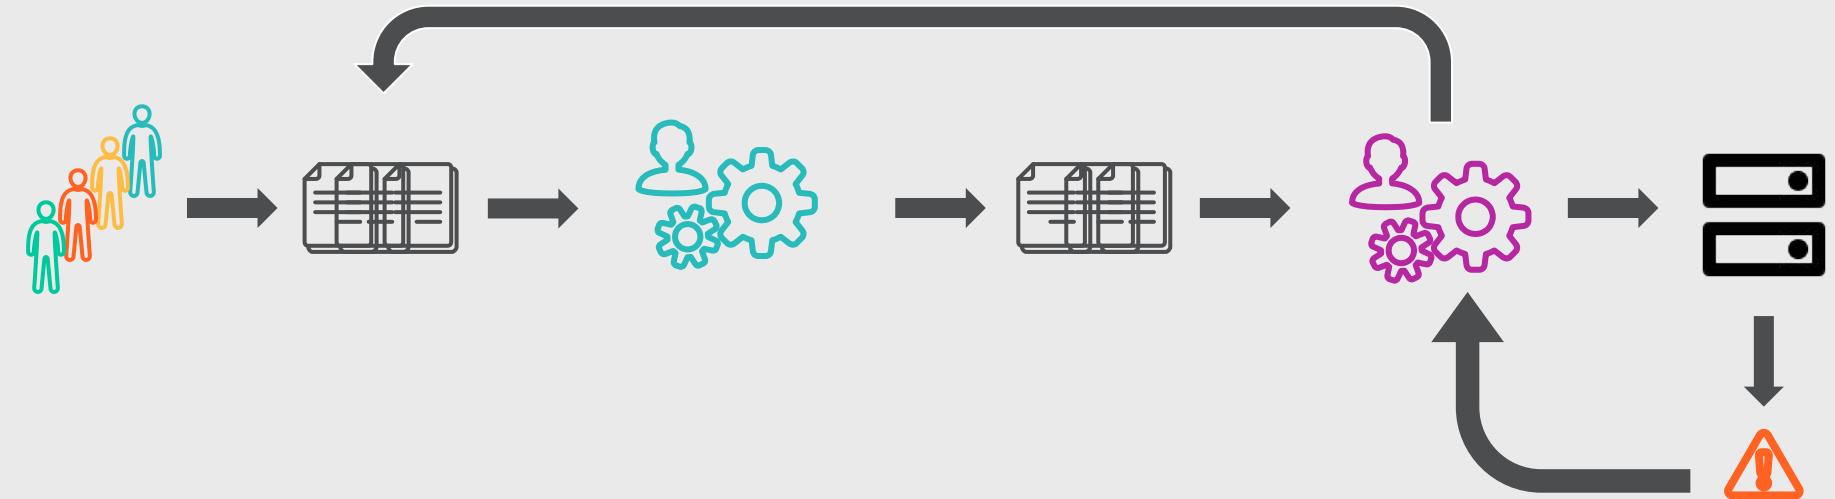

Where we came from

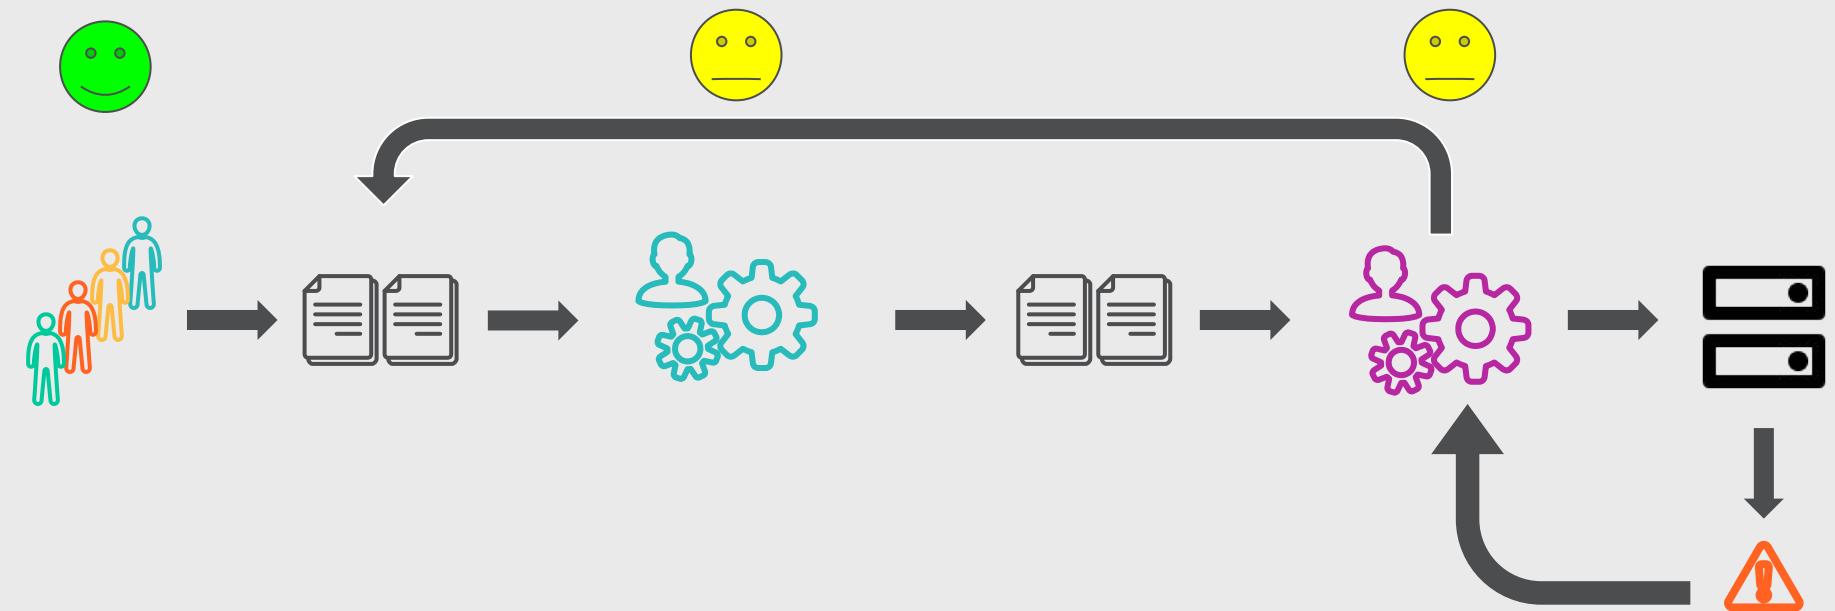

- Agile
- Distributed
- Tech Ops

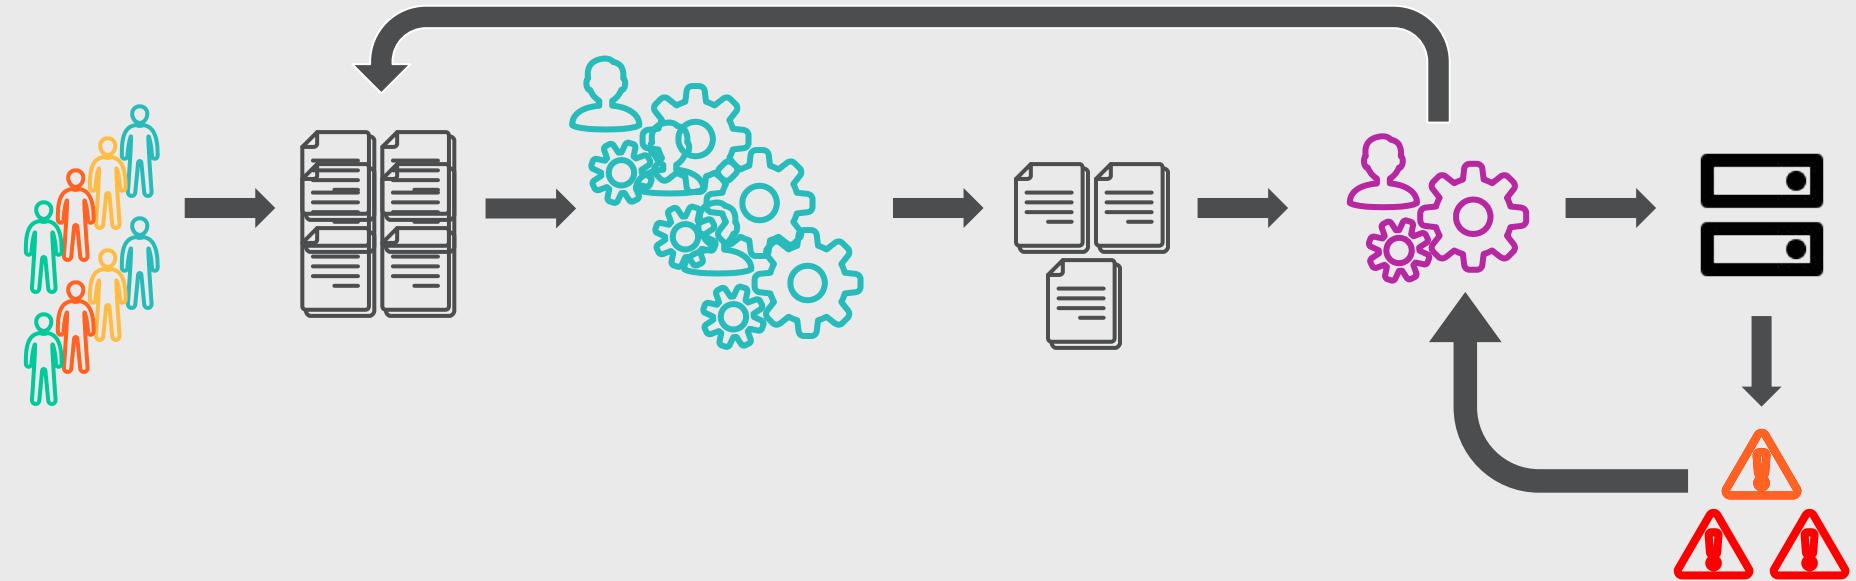

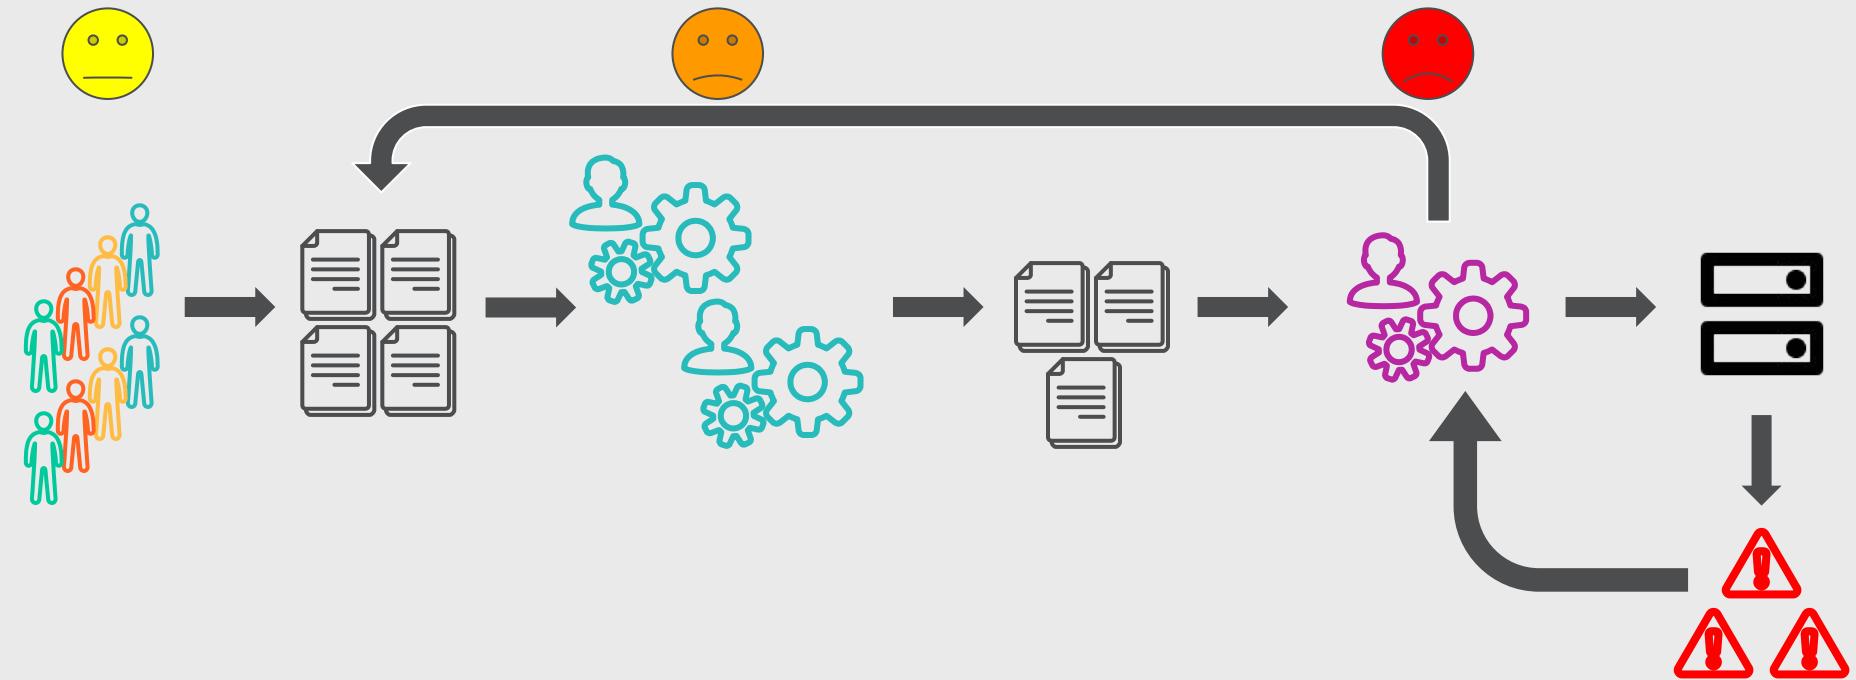

Why?

Photo by [Jay Heike](#) on [Unsplash](#)

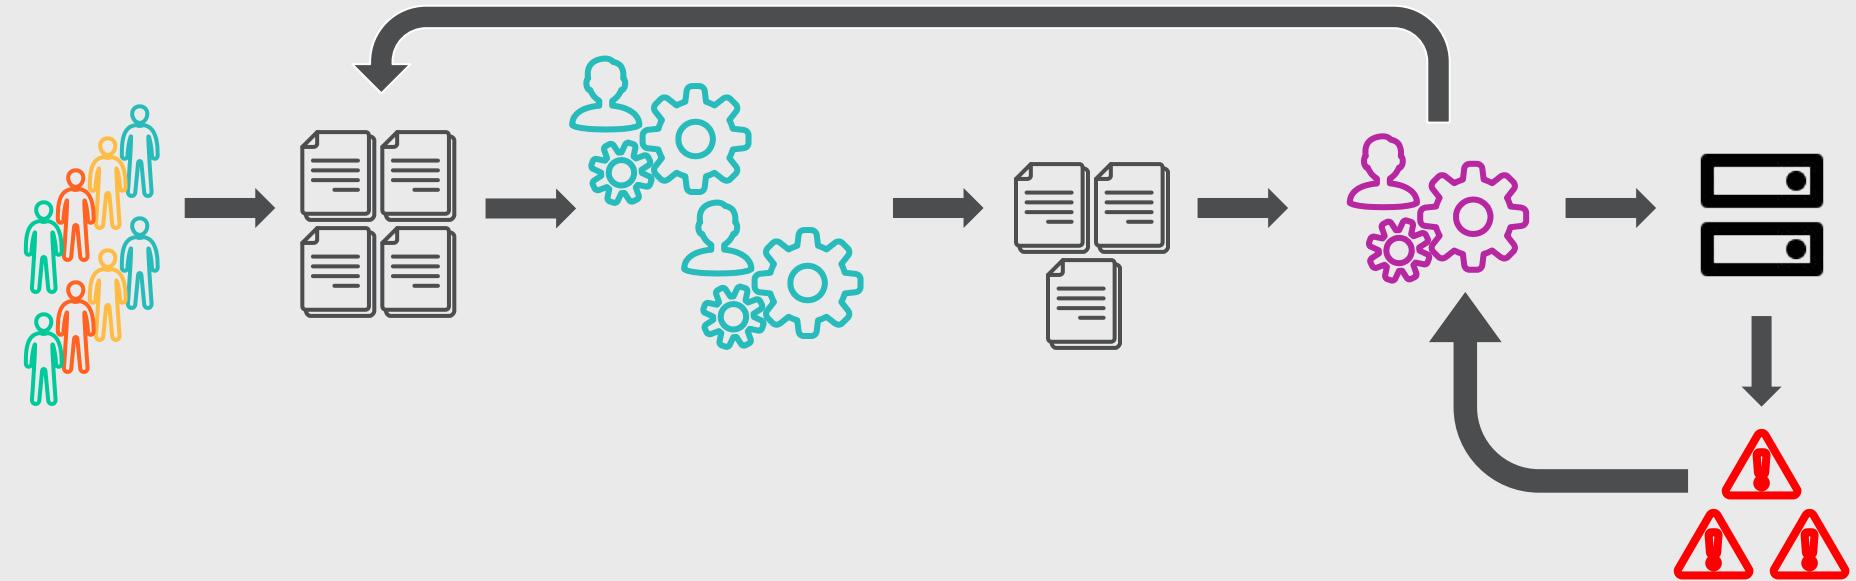

Photo by Meredith Petrick on Unsplash

How?

Empowering Teams

- From idea to end user
- Autonomy
- DevOps

All them questions!

- **How do we knowledge share?**
- **What skills do I need to learn?**
- **Will I be on-call?**
- **How much will it cost?**
- **What about stability?**
- **Will it work?**

How do we knowledge share?

What skills do I need to learn?

Confidence Matrix

Task	Person 1	Person 2	Person 3	Person 4
Deploy Service A to Production	3	4	5	3
Debug Service A	2	3	5	3
Create dashboard for metrics on Service B	1	2	3	3
Modify Alerts for Service B	1	2	3	3

1. Not confident, need onboarding
2. Somewhat confident, need guidance
3. Mostly confident, need consulting
4. Confident, can provide guidance
5. Expert, can write the book

Confidence Matrix

PagerDuty

Will I have to be
oncall? **(YES)**

What will it cost?

Photo by Jp Valery on Unsplash

What about stability?

#changes-releases

#incidents

30%

tech improvements

Will it work?

communication

celebration

- **Understand where you come from**
- **Know why you want to change**
- **Plan how you will achieve change**

The background image shows a wide-angle aerial shot of the Golden Gate Bridge in San Francisco, California. The bridge's iconic orange towers stand tall against a clear sky. In the foreground, a winding coastal road follows the edge of a steep, rocky cliff overlooking the dark blue ocean. The overall scene is bathed in the warm, golden light of either sunrise or sunset.

**From Developers and Operations
to DevOps and Autonomous Teams**

Thanks!
